

## II. Amendments to the Specification

### Abstract

The abstract stands objected to because the abstract is not in narrative form. To overcome this objection, please amend the Abstract as follows:

A device for forming a wellbore casing in a borehole ~~located in a subterranean formation including a preexisting wellbore casing, according to which the device~~ includes a support member including a first fluid passage, and an expansion cone coupled to the support member. The support member including includes a second fluid passage, which is fluidically coupled to the first fluid passage[.]. The device further includes an expandable tubular liner movably coupled to the expansion cone, and an expandable shoe ~~that defines an interior region for containing fluidic materials coupled to the~~ expandable tubular liner.

### Disclosure

The disclosure stands objected to because the Cross-Referenced Application Data and all other references to U.S. patent applications should be updated to include the status of the applications.

To overcome this objection, please update paragraph [0003a] as follows:
